

Manuel Smith

Technical Writer

In need of a technical writer that explains abstract concepts eloquently such that even the most technically-inexperienced reader can understand? Look no further!

I write technical and marketing content optimized for human readers and search engine crawlers.

Extensive keyword research is the core of my content strategy.

Let's discuss if I sound like a great fit.

HARD SKILLS

- Google Docs, Sheets and Slides
- Networking - Subnetting & Routing
- Virtualization
- Admin-level Linux and CLI
- Python, NodeJS (Express) and C++
